Collectors' Update May 2001

1794 Half Cent reproductions now available

Struck in solid copper Same size, weight and metal as the original coin.
(6 74 grams, Approx diameter 23 5 mm)
Lettered edge

Started in February of 2000 the reproduction 1794 sets are now complete with the addition of the Half Cent repro

The piece is a bright, mint state copper piece that is very close to what the originals may have looked like the day they were struck

The style of design was unique to 1794 The previous year the head of Lady Liberty faced left, where the 1794 version head is facing right and in somewhat high relief The design was modified slightly again in 1795 to a smaller head facing right but in much lower relief

As on the original coins, the GMM repros will feature a lettered edge which reads TWO HUNDRED FOR A DOLLAR Now available for $12 each postpaid, The mandatory COPY stamp is placed on the upper part of the wreath on the reverse side but can also be ordered with the stamp on the obverse side

Complete 1794 sets are available for $105 shipping included Deluxe walnut /glass display boxes are also available for $125 each (Details on back page) Also available is a simple but attractive paper box that will house the five piece set in Airtight capsules This box is available for only $7

Reserve your 1794 Proof sets

Limited edition of 940 sets

There has been such an overwhelming demand for the 1794 proof sets that we have finally decided to start a pre paid reserve list for those who have been pursuing these sets so aggressively

So many people have offered to buy the sets in advance that we have decided to offer advance sales of the sets to be delivered a few months down the line

A down payment of $30 will reserve your set, or pay the full price of $165 to avoid future billing Tentative shipping date will be in September or October of 2001

The sets will be available on a first come, first served basis We are not anticipating delivery of these sets until Sept. or Oct. of 2001 At that time, reserve buyers will be notified by mail and billed for the remainder of the balance, and shipped after receipt of payment

The deluxe walnut and glass display boxes for these sets are also available for $125 each and include a special bracket that can be used for wall mount, or as an easel for desktop display These boxes are also available at the same price with a ten piece layout that will enable a two set display (proofs and uncs or obverse and rev)

Deluxe walnut display boxes now available for 1794 sets

These versatile display boxes are hand crafted here in the Gallery Mint wood shop. The first batch of about 50 boxes are almost ready for shipping and include all the Airtight capsules to house the 5 piece set. Also available as a 10 piece double set for those who prefer to display obverse and reverse of each piece, or proof and uncirculated set in one box.

Priced at $125, they are identical to the boxes offered for the 1796 sets with the exception of the inlaid brass medallion which reads 1794.

$125.

This is what we consider to be the finest and most versatile display system on the market. As a table top box it works the same as most regular boxes, but can be closed and turned over to easily view reverse sides of all the pieces through the glass bottom.

It comes complete with a bracket that can be mounted on the wall or set up as an easel for desktop display. The inside foam pads are a rich forest green, and the push button catches are machined one at a time here in the GMM machine shop.

It took us a while to get these right, but folks who received these boxes for their 1796 sets are quite pleased with them.
